CHAMBER CRITICAL OF P.O. PROPOSAL

The Post Office Department's plan to renovate the present building rather than construct a new post office drew the criticism of the Drayton Valley and District Chamber of Commerce at its last meeting held Thursday morning in the Cardium Room. About twenty members attended the meeting.

Considerable concern was expressed by members regarding the post office situation in the town and the feeling expressed that the community was entitled to a new building comparable to those erected in towns of similar size.

All pertinent information was reviewed with the membership going on record as opposed to renovations to the present building. A letter is to be written to federal authorities outlining the Chamber's stand.

The question of N.S.F. cheques was raised and methods of combating the problem discussed. Suggested method of control was a list of bad cheque passers to be circulated to members. The group will investigate further the possibility of various control measures.

The subject of a farm market place was again raised but it was felt that interest in such a proposal should be expressed by producers before any steps should be taken to locate such a market here.

The highway access road at the Ambassador Motel corner was described as hazardous and it was

felt that an amber blinking light should be erected at the corner to slow down traffic and warn motorists. A letter is to be written to the Department of Highways with a request for a light at the corner.

Lighting for the festive season was discussed and it was noted that it is now time to start making the necessary arrangements. A committee of Jack Pickett, Dale Gaehring and Roy Burrows is to work on the program.

The problem of non-returnable bottles littering the town was also discussed without reaching a decision. It was suggested that a recommendation be forwarded to Town Council for action at the level of the Union of Alberta Municipalities. It was felt that manufacturers should be able to produce a more acceptable container if enough pressure is exerted by communities across the country.

New business or changes in ownership will be welcomed in future by the Chamber of Commerce with complimentary memberships presented until the end of the current year.

GRADUATION EXERCISES SATURDAY

Graduation exercises for the class of 1969 at Frank Maddock High School will be held in Drayton Valley on Saturday, September 13th.

Graduation exercises will be held in the high school auditorium at 2:00 p.m. and will be followed by a banquet in the Elks Hall at 5:30 p.m. Festivities will end with a dance in the high school auditorium, starting at 8:00 p.m.

Mr. H. Toews, Superintendent, County of Parkland, will be guest speaker at the afternoon ceremony. Miss Linda Dusterhoft and Miss Bonnie Reich will be presented with awards from the County of Parkland for having achieved an honors standing in their grade twelve finals.

All the town and district are invited to attend the afternoon exercises and invitations to the dance are available from the senior students.

Town Enjoys Good Building Year

Drayton Valley is enjoying a year of excellent growth with building permits to date reaching \$904,686 and the hope held out that the million mark may be reached by the year end.

New homes, a new 30 unit motel, 15 more units to another motel, a 12 suite apartment block, one new store and a number of renovations to existing commercial and residential buildings have accounted for this year's total. It is noted that no large institutional construction is involved which often accounts for swelled building totals but do not add to the assessment total of the town.

Permit values for the month of August totalled \$223,720 compared to \$17,400 last year in August. This year's total of \$904,686 to the end of August is almost three times last year's total for the same period of \$352,950.

Residential construction accounts for \$123,720 of this year's total; commercial, \$62,000; and institutional, \$38,000.

Total value of building permits for 1968 amounted to \$641,630 and for 1967, \$454,010. Live assessment for 1969 is \$4,395,590; 1968, \$4,256,960; and 1967, \$4,103,690.

MAYOR WILL NOT SEEK RE-ELECTION

Election plans of possible new members to Town Council and community boards should be formulated quickly with Nomination Day set for next Wednesday, September 17.

On that day Returning Officer Bill Johanneson will accept nominations of candidates for the office of mayor and two councillors between 11:00 a.m. and 12 noon.

At the same time he will accept nominations for one member to the Drayton Valley Municipal Hospital Board No. 7 and two trustees for Drayton Valley RC Separate School No. 111.

Terms of office have expired for Mayor Dr. Henry Shimbashi and Councillors Mrs. Mary Burrows and R.B. Smith. Both Dr. Shimbashi and Mrs. Burrows have announced that they will not seek re-election and Mr. Smith is still undecided.

Mayor and councillors are elected for a two year period as is the hospital board member. St. Anthony's trustees are elected for three year terms.

In announcing his decision not to seek re-election Dr. Shimbashi noted the pressure of his own practice and the difficulty devoting the time required for the mayor's office for another two years.

He has served as mayor for the past year and a half and was a council member before resigning to take the mayor's chair. The mayor's job was an interesting period he said, and expressed his pleasure at being able to play a part in the progress of the community during the past few years.

Mrs. Burrows, a veteran member of Town Council, has served for six consecutive years. Mrs. Burrows also noted that the job was rewarding but frustrating on

occasion.

Her plans are to enjoy a holiday from council matters and possibly seek re-election at some time in the future.

Bonnie Reich

Bonnie Reich Awarded Hotel Scholarship

Bonnie Reich of Tomahawk, a 1969 graduate of Frank Maddock High School in Drayton Valley, has been awarded a \$600 Alberta Hotel Association Scholarship.

Bonnie, the daughter of Mr. and Mrs. Bernard Reich, was presented the award at her home recently by Mr. Roger Perras, operator of the Tomahawk Hotel.

She will enter the U of A this fall after completing high school with an 85 percent overall average. She plans to use the scholarship to study education.

Golf Tournament This Weekend

A late summer Men's Open Golf Tournament is scheduled for the Drayton Valley Country Club this weekend, September 13th and 14th.

The Tournament gets underway at 1:00 p.m. Saturday with entries accepted until midnight Thursday, September 11th.

Twelve flights are planned and trophies and prizes to be awarded after Sunday's finals.

A barbeque will be a Saturday evening feature.

SCHOOL VOTE RULED VOID

A district court judge in Edmonton has ruled void the July 24th regional high school plebiscite.

Judge W.J. Haddad found in district court August 27th that there had been irregularities in voting and that these could have materially affected the result. He declared the poll to be of no effect.

In the plebiscite six weeks ago in the Edson School Division and the County of Parkland, a bylaw for the proposed new \$1,350,000 regional high school at Evansburg was declared defeated by 50 votes, 676 against to 626 in favor.

Rex Rimmer and George Beach, two residents of Evansburg had filed affidavits alleging more than 100 people not eligible to vote had been allowed to do so.

Their lawyer, Erik Lefsrud, said outside court an order would be issued immediately voiding the plebiscite.

This order will take effect after the 30-day appeal deadline has passed he said, and it will then be open to the school district's trustees to decree a new plebiscite.

At earlier hearings it was stated the list contained names of non-property owners, separate school supporters and people without residence qualification.

There are about 10,000 proprietary voters in the school district.

At the last regular meeting of the Drayton Valley and District Chamber of Commerce held in the Cardium Room last Thursday morning it was decided to present a testimonial dinner in honor of Dr. and Mrs. H. MacLure. The dinner will be held during October.

Plans have also been advanced by residents of the community to present a farewell gift to the

couple who are leaving for Edmonton and then Africa. The gift is to express the appreciation of the community to the couple for their efforts here during the past 13 years.

Anyone who would like to contribute toward the gift is asked to do so before the end of September at either the Royal Bank or Treasury Branch, and to sign the farewell card.

Local Hunters Ready for New Season

Big game zone one opened on August 30th and several hunters from this area made trips north to take advantage of the opening over the long Labor Day weekend.

Of more interest to large numbers of hunters in this region will be the opening of big game zone 5 which takes in the area west of Drayton Valley. Zone 5 will open September 27th for male whitetail and mule deer, and male moose and elk.

Amount of game in the area appears to depend on how hard you are prepared to work to take a prize but general consensus seems to be that the area is still well populated with game animals. Black bears, allowed on a moose or elk stamp, are thicker than usual and according to some reports are responsible for losses in the moose calf crop.

The ruffed grouse season opens in UB zone 3 west of Drayton Valley on September 27th and in zone 4 to the east on October 10th. Grouse are reported in very good supply in this area.

Magnolia District Hit By Tornado Recently

By Mrs. W.E. Campbell

MAGNOLIA -- Old mother Nature has thrown everything in her books at this community this year. As if frost, drought, hail, too heavy rain and insects were not enough, she dished out her Sunday punches in the form of a tornado.

The first hint of anything unusual came when exceptionally strong, warm winds drew people out to investigate. The sky was a mass of grey, ominous cloud. They swirled and writhed in all directions like colossal serpents. Finally, much of the twisting mass contracted into a gigantic

whirlpool which seemed to draw more clouds into itself. At this point, the attention was distracted by a loud crashing and a threatening roar reminding one of a raging forest fire.

Eight eye and ear witnesses estimate the height of the column at 200 to 300 feet and the width at the base at about 70 feet. The column was clearly visible as it had picked up a large amount of soil from a summer-fallow field.

The only damage was done in a field on the Eric Anderson farm, between Mark Chechotko's house and Eric Anderson's house

where the tornado struck a lumber granary measuring 12'x12'x8'. The building was partly full of oats. There is not even one board left standing.

Much of the lumber, including the whole roof has vanished. The remaining boards, not enough to build a similar structure, are scattered in a north-easterly direction for 185 yards. A lot of the grain is also strewn across the field. This is a new way to sow your oats.

As the twister crossed the road into the Mark Chetchotko farm, the dirt-containing funnel was observed to cover the whole road from fence to fence. After crossing over, it wandered off toward the north-east.

Other than the smashed granary, snapped off tree tops and flattened trees, no damage has been reported. The wind, rain and hail from the accompanying storm caused damage to trees, gardens and crops. The incident occurred at about 6:10, on the evening of Tuesday, September 2nd.

A radical is a guy who can out talk you on any subject.

Guides and Brownies Resume Regular Meetings

The 1969-70 season for Girl Guides and Brownies commenced this week with Brownies attending the pack of their choice. Meetings are held on the same days as before, Mondays, Tuesdays and Thursdays after school.

Due to a shortage of leaders, Girl Guide meetings will not begin until further notice.

The fee is \$4.50 which is broken down as follows: \$2.00 for membership in the Local Association (mothers' group). The rest is apportioned between national and divisional headquarters administration expenses, donation toward District Commissioner's travelling expenses and a blanket insurance policy which covers the girls at any official function. If more than one girl in a family is enrolled, the \$2.00 Local Association fee is paid only once.

The fees will be collected on Wednesday, September 17th from 3:30 to 4:30 p.m. at the Scout Hall. Please make an effort to pay at that time. If this is not possible, then the girls should take the money to their next meeting.

Leaders and assistants are needed for all groups. If you are able to help, please phone Mrs. Machan at 542-3856. No exper-

ience is necessary, only a desire to see this worthwhile activity for girls continue.

We have had requests for used uniforms. If anyone has a Brownie or Guide uniform for sale, please phone particulars to Mrs. Machan at 542-3856.

Following the day at the Game Farm the Neff family began their journey back to B.C.

Mrs. Bernice Lietz had a short stay in the Drayton Valley Hospital recently. Hope you are feeling better now, Bernice.

Sincere get well wishes are extended to Tammie Laughlin who has been a patient in an Edmonton hospital.

Mr. and Mrs. J. Ayzan of Gibsons, B.C. have been visiting at the home of Mr. and Mrs. Tom Horsman. Mrs. Ayzan is Mr. Horsman's sister. When the Ayzans returned home, Tom accompanied them for a short holiday.

Mrs. Hattie Barrett and Mrs. J. Barrett of Breton and Mr. and Mrs. Jim Levers of Edmonton were district visitors on Sunday.

The Berrymoor Three B's Club held their August meeting at the cemetery on August 30th. This was the last clean up day

at the cemetery for the year. The September meeting will be held at the home of Mrs. Dorothy Cropley on the 27th.

For the second time in the past month, Mr. and Mrs. George Martin have had visitors from Ontario. Mr. and Mrs. R.E. Boyes from Willowdale accompanied their son, daughter-in-law and grandson of Toronto to Berrymoor to be guests of Mr. and Mrs. Martin. Mrs. Boyes is Mr. Martin's niece. While in Berrymoor they were kept busy visiting their numerous relatives. On Sunday a family picnic was held at the camp site near Drayton Valley which was enjoyed by all.

Congratulations to Mr. and Mrs. Lyle Purdy (nee Shirley Gillespie) who were married on Saturday, August 30th. Quite a number of district residents attended the wedding festivities in Breton.

Mr. and Mrs. Walter Joneson and family spent the weekend in the district. Their friends will be interested to learn that Walter has been transferred to Wainwright and that they were be taking up residence there on the first of September.

To Miss Lynne Martin of Lindale for winning a trip to Eastern Canada as a result of her 4-H club activities, and to Dennis Haight of Berrymoor for winning an Alberta Junior Citizen Award for 1969. Dennis won his award because of the very courageous way he has adjusted to a life confined to a wheel-chair, because of an accident suffered almost a year ago. A sincere bouquet to both of these young people.

LIBRARY NOTES

The town library is now back on its regular schedule, Tuesday and Friday from 3 p.m. to 5 p.m. and 7 p.m. to 9 p.m. and at noon on both days for bus children only.

It has been decided that students from grade ten up may enjoy adult privileges upon the payment of adult fees. Students joining for the first time will require a parents signature upon the application card.

A number of new books were added to the collection during the summer. Children who braved last week's storms appeared to enjoy the book display. These new books are now available for borrowing.

In the adult section your attention is directed to a few of the new titles. "Bide Me Fair" by Harvey Howells is the story of a Scots family from The Age of Victoria to the Battle of Britain.

You will remember that "Zorba the Greek" was made into an Oscar winning movie a couple of years ago. The book promises to be popular.

We have both of Delderfield's books "The Green Gauntlet" and "A Horseman Riding By" and our regular readers are clamouring for more.

In answer to many inquiries we would like to say "Yes, we have Hailey's "Hotel", "Airport" and "The Final Diagnosis".

Our biggest interest is you.

Our biggest interest is never paid. We give it away for free. Because it's the kind of interest you can't measure in percentage points. The interest we take in you when you ask our help with your problems.

Of course we pay high interest on your savings,

just like any bank. That's only natural. And the longer you leave your money, the more interest you get. That follows too.

When you think about it though, a bank should give you both kinds of interest. The Royal Bank does. Come in and see.

*This rate applies for term deposits of over two years. Equally, you can earn maximum bank rates on term deposits for shorter periods. Ask, too, about our Bonus Savings Accounts and our Regular (chequable) Savings Accounts at any branch of the Royal Bank.

Urgent Appeal

The County of Parkland No. 31 published a notice on September 3rd, 1969, in The Western Review. This notice, dated the 21st day of August, A.D. 1969, informed the electorate that a Bylaw permitting the showing of Sunday Movies has been given two readings by the Council of the County of Parkland. It is further stated that "...unless a petition signed by at least 10% of the electors...is received requesting a plebiscite on the Bylaw, within fifteen days" (of the September 3rd publication) "...the Council may give third reading to the Bylaw and finally pass it."

There are presently a number of petitions in Drayton Valley opposing this Bylaw. Those electors concerned about preserving the sanctity of the Lord's Day are urged to put a stop to the Bylaw, which will further desecrate the Sabbath, by affixing their signatures to one of these petitions.

In the town of Drayton Valley petitions are located at the following churches:

Pentecostal Tabernacle
Church of God
All Saints Anglican Church
Calvary Baptist Church

People living outside the immediate Drayton Valley area are also urged to form petitions and forward them to Mr. O. W. Schuster, Secretary-Treasurer of the County of Parkland Stony Plain.

Good Results at Junior High

The Grade nine students at the Junior High School did exceedingly well in their Departmental Exams. The average for our school far exceeded the Provincial average. The failure rate was well below the Provincial average.

We had nine honor students and congratulations are extended to these hard working students; Manfred Baum, Allen Bureyko, Kim Cassidy, Joanne Chenery, Lee Henkel, Erin Langer, Jean Ratzlaff, Judith Schneider, Douglas Steeves.

30% of our grade nine students got honors in Math., over 15% got honors in Reading and the marks generally were as good as or superior to any marks ever achieved by any previous Grade nine class in this area.

We offer our heartiest congratulations to the Grade nine students on their achievements.

RECREATION ROUND-UP SOCCER IS HERE

With the apparent declining interest in Canadian Football at the Bantam age level as well as the impossibility to obtain suitable competition for this age group in this game it was decided that we would give the game of soccer a try. At a meeting of the Drayton Valley Athletic Association last Thursday, the Association agreed to sponsor a soccer program on a trial basis this year. If this program proves to be popular and a success it will become one of the permanent D.V.A.A. sponsored activities. This program, for the time being, will be offered to boys thirteen to sixteen years of age, or those who would be included in a Bantam level in Canadian Football.

The soccer program is under the direction of Dennis Reid and training and practice sessions as well as all games will take place on the football field at West Valley Recreation Park.

Application forms for the soccer program are available at the Recreation Office and at all the schools.

MAGNOLIA NEWS

A group of folks gathered at the home of Dick and Marjory Anderson during the evening of Wednesday, August 27th to bid farewell to Mr. and Mrs. John Sinclair and family who have left the district to make their home at Red Deer. They all enjoyed a weiner roast until the rain began to pour, after which they moved into the Magnolia Hall to finish out the evening. Best wishes go to the Sinclairs in their new home.

Recent visitors with Ray and Della Storms were Fred and Marilynne Larsen and children, Kim, Wesley and Jeff. Also visiting were Wilbur and Iva McCracken and sons Roy and Wesley.

A speedy recovery is wished by all of us for Mrs. Saretsky who is in hospital in Edmonton.

The local playground closed its doors on Thursday, August 28th. The children, a couple of mothers and the leader finished the day with a weiner roast, including goodies supplied by the mothers, and a treasure hunt for the children. ADULT EDUCATION

The County of Parkland is planning adult education programs in Drayton Valley and Stony Plain this year to meet the needs of adults desiring to upgrade their educational qualifications so that they may meet the requirements for a high school diploma or university entrance, or acquire some proficiency in business training.

The above programs will be made available primarily to adults over 18 years of age who are no longer attending school, but candidates between the ages of 16 and 18 may be considered for special programs. Adults do not need a grade nine diploma or any previous credit in high school to qualify for these programs. The usual prerequisites are waived.

The course offered will depend upon enrollment and the availability of instructors. At least twelve students are required if an academic course is to be taught and eight are required for commercial course offering.

It is expected that a portion of the costs of these courses will be met through course fees of about \$20.00.

As well as the above program the School Committee members have indicated that they would be willing to support courses in the Practical Arts and other courses such as public speaking.

Students wishing to enroll in any of the above courses are asked to complete the form below and forward it before September 15, 1969, to:

Fine Achievement At High School

In the recent Grade 12 University entrance examinations our young men and women at Frank Maddock established an unprecedented record of achievement. This year's class produced two straight honor students, Miss Linda Dusterhoft of Easyford and Miss Bonnie Reich of Tomahawk. Also the class on the whole in all their exams averaged 64.9%, one percentage point less than a straight 'A', a most excellent achievement. As well, of the 131 tests written our students

scored a B or better on 122 of them for a percentage achievement of 93.14%.
We can certainly congratulate

our young men and women for a most excellent achievement and hope that their successors will at least equal this accomplishment.

Shelterbelt Trees For Spring Listed

The Agricultural Committee of the County of Parkland announces that the list of government shelterbelt trees for the 1970 spring planting season has been published and is now available from the District Agriculturalists' office.

Changes have been made on the application form itself this year. For one thing, the District Agriculturalist now signs the form to show that he recommends that the application be accepted. Properly filled out forms must be returned to the D.A. office. In the past, applications for trees were often sent directly to the Plant Industry Division.

Anybody who plans to order trees and shrubs for planting next spring must be sure to prepare the planting site before fall. Tree orders will not be approved if the site is not summer-fallowed and properly located from buildings and the road.

A handy carryall for dust cloths, polishers and other cleaning aids is an empty soft drink carton. It's also a handy way to store baby's formula in the refrigerator.
